Smartsheet
Center of Excellence

Increase productivity and performance with the Center of Excellence, your go-to resource for continued education and certification in Smartsheet. Develop the expertise you and your team need with this ongoing training companion, where you can learn everything from basic capabilities to advanced skills, and become Smartsheet Certified.
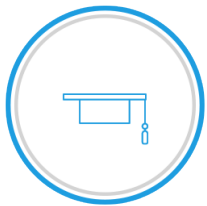

Subscriptions Details

Center of Excellence access is by annual subscription only. Smartsheet license required for participation.
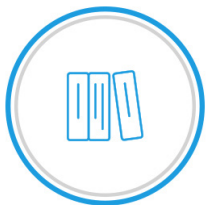

E-Academy

An online, on-demand education course designed to help you and your team become proficient in Smartsheet. With a combination of videos and hands-on exercises, you'll learn the essentials and beyond, as well as how to incorporate them in your day-to-day work.

Certification

Demonstrate your proficiency in Smartsheet. Take our online certification exam to become Smartsheet Certified. Certified users will receive a certificate, a PNG badge to display on their LinkedIn profile, and a Smartsheet Community badge.

Continuing Education

With your subscription, you'll receive exclusive access to our full library of training videos, where you'll learn how to:

- Manage your account as a System Administrator
- Create dashboards based on best practices
- Connect Smartsheet with business analytics tools

- Create a request management workflow
- Use new product features and functions
- And much more
