Work Smarter

√ smartsheet + Microsoft

Smartsheet is a powerful work management and collaboration tool integrated with Microsoft applications to streamline processes, improve compliance, and enable better decision making. Use it to collaborate with others, track progress on projects, automate processes, and better structure your work.

you keep track of key details in email, in the context of the project or task that you are collaborating on. Quickly and easily transfer the contents of your work emails, including text and attachments, to Smartsheet on your desktop or using Outlook Mobile.

Collaboration Made Easy

Collaborate on work by attaching OneDrive content directly to specific projects or tasks in Smartsheet and sending relevant rows with that content attached. Collaborate with internal and external stakeholders using Skype video calls*, Comments, and granular sharing permissions in Smartsheet. This real-time collaboration helps streamline communication and drives productivity.
